

ACRONIS-POWERED. SOTERIA CLOUD DELIVERED.

Soteria Cloud Advanced Backup

Reliable backup that is designed around restore outcomes, not just retained copies.

Backup and recovery

Managed protection

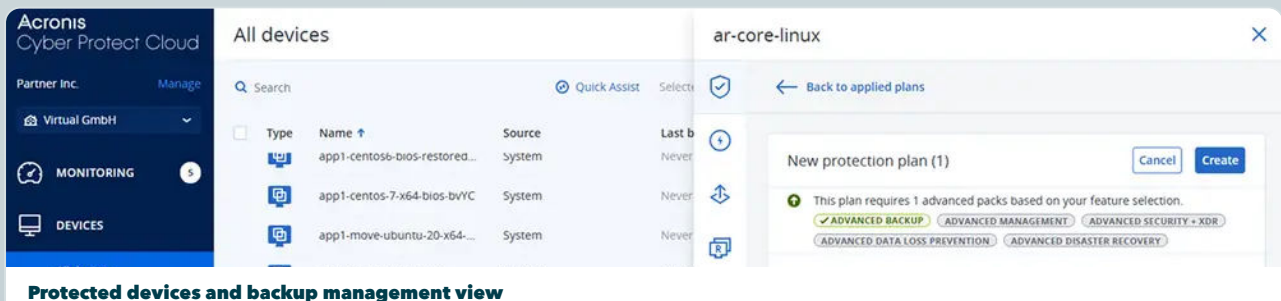

Zero Downtime. Zero Data Loss.

BUILT FOR

For organizations that need dependable protection for servers, workstations, virtual machines, NAS, and core business data.

Backups only matter when they can be restored quickly, cleanly, and at the right level of granularity.

Acronis Powered by Acronis

Protected devices and backup management view

BUSINESS VALUE

Protection that moves the business forward.

Backups only matter when they can be restored quickly, cleanly, and at the right level of granularity.

SOTERIA CLOUD OUTCOME

Reliable backup that is designed around restore outcomes, not just retained copies. Soteria Cloud surrounds the technology with onboarding, policy design, reporting, and accountable support.

TECHNOLOGY

Acronis Advanced Backup

BEST FIT

For organizations that need dependable protection for servers, workstations, virtual machines, NAS, and core business data.

Where it fits

- Endpoint and server backup modernization
- Protection for branch offices and remote teams
- Backup standardization across multiple customers

Acronis-powered backup engine

Soteria Cloud local support

Fits into Total Data Protection bundles

SERVICE EXPERIENCE

From first assessment to ongoing assurance.

Soteria Cloud turns the product capability into a managed protection experience with clear steps, ownership, and review points.

Backup assessment
Soteria Cloud reviews the environment, key risks, and resilience priorities before rollout.

Retention and recovery policy design
Protection requirements are mapped into practical settings, policies, and responsibilities.

Agent deployment and monitoring
The service is deployed with structured onboarding, visibility, and support ownership.

Restore testing and reporting
Ongoing reporting, recovery checks, and service reviews keep protection measurable.

OFFER	Soteria Cloud Advanced Backup
POWERED BY	Acronis Advanced Backup
BUSINESS IMPACT	Reduce risk, improve resilience, and make protection easier to understand across technical and business stakeholders.
NEXT STEP	Start with a Soteria Cloud protection assessment for the environment, workloads, users, and recovery priorities.

SOTERIA CLOUD

All your data. One strategy. Zero compromise.

Cyber resilience works best when backup, security, recovery, and support are connected under one service experience.
