

ACRONIS-POWERED. SOTERIA CLOUD DELIVERED.

Soteria Cloud Advanced Disaster Recovery

Cloud recovery capability for when a site, server, or workload cannot wait.

Disaster recovery as a service

Managed protection

Zero Downtime. Zero Data Loss.

BUILT FOR

For organizations that need a stronger recovery posture than backup alone can provide.

When infrastructure fails, recovery speed depends on preparation, orchestration, and clear ownership.

Acronis Powered by Acronis

Disaster recovery status and failover readiness view

BUSINESS VALUE

Protection that moves the business forward.

When infrastructure fails, recovery speed depends on preparation, orchestration, and clear ownership.

SOTERIA CLOUD OUTCOME

Cloud recovery capability for when a site, server, or workload cannot wait. Soteria Cloud surrounds the technology with onboarding, policy design, reporting, and accountable support.

TECHNOLOGY

Acronis Advanced Disaster Recovery

BEST FIT

For organizations that need a stronger recovery posture than backup alone can provide.

SERVICE CATEGORY

Disaster recovery as a service

01

Improve resilience against site and infrastructure outages

02

Acronis disaster recovery technology

Soteria Cloud implementation and support

Designed for measurable business continuity outcomes

SERVICE EXPERIENCE

From first assessment to ongoing assurance.

Soteria Cloud turns the product capability into a managed protection experience with clear steps, ownership, and review points.

DR scoping
The capability becomes part of a managed Soteria Cloud protection experience.

Priority workload mapping
The capability becomes part of a managed Soteria Cloud protection experience.

Recovery network design
Protection requirements are mapped into practical settings, policies, and responsibilities.

Failover testing and readiness report
Ongoing reporting, recovery checks, and service reviews keep protection measurable.

OFFER	Soteria Cloud Advanced Disaster Recovery
POWERED BY	Acronis Advanced Disaster Recovery
BUSINESS IMPACT	Reduce risk, improve resilience, and make protection easier to understand across technical and business stakeholders.
NEXT STEP	Start with a Soteria Cloud protection assessment for the environment, workloads, users, and recovery priorities.

SOTERIA CLOUD

All your data. One strategy. Zero compromise.

Cyber resilience works best when backup, security, recovery, and support are connected under one service experience.
