

ACRONIS-POWERED. SOTERIA CLOUD DELIVERED.

Soteria Cloud Advanced Email Security

Protect inboxes from phishing, malicious links, account takeover risk, and business email compromise.

Email threat protection

Managed protection

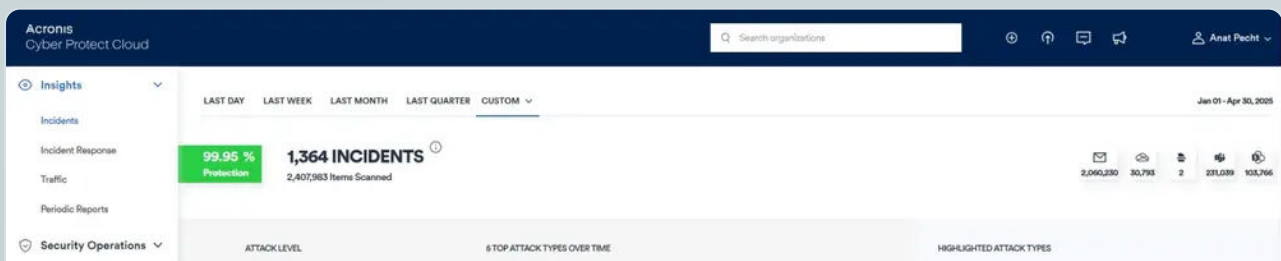

Zero Downtime. Zero Data Loss.

BUILT FOR

For Microsoft 365 and Google Workspace customers where email is still the most common attack path.

Email remains the easiest way for attackers to reach users, steal credentials, and trigger wider business disruption.

Acronis Powered by Acronis

**Email security dashboard and detection evidence**

BUSINESS VALUE

Protection that moves the business forward.

Email remains the easiest way for attackers to reach users, steal credentials, and trigger wider business disruption.

SOTERIA CLOUD OUTCOME

Protect inboxes from phishing, malicious links, account takeover risk, and business email compromise. Soteria Cloud surrounds the technology with onboarding, policy design, reporting, and accountable support.

TECHNOLOGY

Acronis Advanced Email Security

BEST FIT

For Microsoft 365 and Google Workspace customers where email is still the most common attack path.

SERVICE CATEGORY

Email threat protection

01

Acronis-powered email security

Soteria Cloud managed delivery

Complements SaaS backup and endpoint protection

SERVICE EXPERIENCE

From first assessment to ongoing assurance.

Soteria Cloud turns the product capability into a managed protection experience with clear steps, ownership, and review points.

Email environment assessment

Soteria Cloud reviews the environment, key risks, and resilience priorities before rollout.

Policy deployment

Protection requirements are mapped into practical settings, policies, and responsibilities.

Security tuning

The capability becomes part of a managed Soteria Cloud protection experience.

Customer reporting and review

Ongoing reporting, recovery checks, and service reviews keep protection measurable.

OFFER	Soteria Cloud Advanced Email Security
POWERED BY	Acronis Advanced Email Security
BUSINESS IMPACT	Reduce risk, improve resilience, and make protection easier to understand across technical and business stakeholders.
NEXT STEP	Start with a Soteria Cloud protection assessment for the environment, workloads, users, and recovery priorities.

SOTERIA CLOUD

All your data. One strategy. Zero compromise.

Cyber resilience works best when backup, security, recovery, and support are connected under one service experience.
