

ACRONIS-POWERED. SOTERIA CLOUD DELIVERED.

Soteria Cloud Secure File Services

Secure file collaboration for teams that need control, access, and continuity.

File sync, share, and access

Managed protection

Zero Downtime. Zero Data Loss.

BUILT FOR

For organizations that need secure file access and sharing without losing governance over business data.

File sharing spreads data quickly. Without the right controls, productivity can become a visibility and compliance gap.

Acronis Powered by Acronis

File collaboration and SaaS data protection view

BUSINESS VALUE

Protection that moves the business forward.

File sharing spreads data quickly. Without the right controls, productivity can become a visibility and compliance gap.

SOTERIA CLOUD OUTCOME

Secure file collaboration for teams that need control, access, and continuity. Soteria Cloud surrounds the technology with onboarding, policy design, reporting, and accountable support.

TECHNOLOGY

Acronis Cyber Files, Files Advanced, and Files Connect

BEST FIT

For organizations that need secure file access and sharing without losing governance over business data.

SERVICE CATEGORY

File sync, share, and access

01

Enable secure file access and collaboration

02

Improve control over business file sharing

03

Support recovery and continuity for file workflows

CAPABILITIES

One Soteria Cloud service around the critical work.

The service brings Acronis technology into a Soteria Cloud experience for buyers that need protection to be practical, visible, and supportable.

Core capabilities

- Cloud file sync and share
- Mobile and remote file access
- User and group controls
- File activity visibility
- Mac and Windows file service support
- Policy-based governance

Where it fits

- Secure remote work
- Controlled customer and team file sharing
- Modernization of legacy file access

Acronis file service technology

Soteria Cloud managed delivery

Complements endpoint and SaaS data protection

SERVICE EXPERIENCE

From first assessment to ongoing assurance.

Soteria Cloud turns the product capability into a managed protection experience with clear steps, ownership, and review points.

File workflow assessment

Soteria Cloud reviews the environment, key risks, and resilience priorities before rollout.

Access and sharing policy design

Protection requirements are mapped into practical settings, policies, and responsibilities.

Migration and onboarding

The capability becomes part of a managed Soteria Cloud protection experience.

Governance reporting

Ongoing reporting, recovery checks, and service reviews keep protection measurable.

OFFER	Soteria Cloud Secure File Services
POWERED BY	Acronis Cyber Files, Files Advanced, and Files Connect
BUSINESS IMPACT	Reduce risk, improve resilience, and make protection easier to understand across technical and business stakeholders.
NEXT STEP	Start with a Soteria Cloud protection assessment for the environment, workloads, users, and recovery priorities.

SOTERIA CLOUD

All your data. One strategy. Zero compromise.

Cyber resilience works best when backup, security, recovery, and support are connected under one service experience.
