BROCHURE

ACRONIS-POWERED. SOTERIA CLOUD DELIVERED.

Soteria Cloud Managed Detection & Response

Detection, response, and recovery guidance for organizations that cannot watch everything themselves.

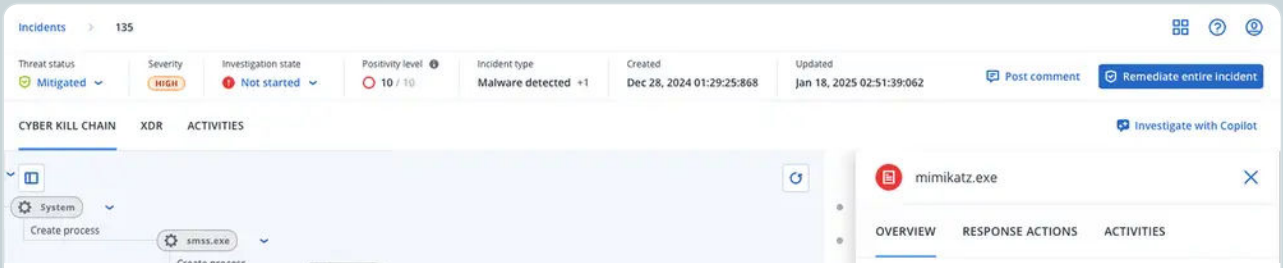
Managed security | **Managed protection** | **Zero Downtime. Zero Data Loss.**

BUILT FOR

For customers that need stronger security monitoring and incident response confidence without building a full security operations team.

Alerts have little value if nobody has the time, context, or process to act on them.

Acronis **Powered by Acronis**



Incident chain and response evidence view

BUSINESS VALUE

Protection that moves the business forward.

Alerts have little value if nobody has the time, context, or process to act on them.

SOTERIA CLOUD OUTCOME

Detection, response, and recovery guidance for organizations that cannot watch everything themselves. Soteria Cloud surrounds the technology with onboarding, policy design, reporting, and accountable support.

TECHNOLOGY

Acronis MDR and EDR capabilities

BEST FIT

For customers that need stronger security monitoring and incident response confidence without building a full security operations team.

SERVICE CATEGORY

Managed security

01

Improve visibility into suspicious activity

02

Create a clearer response path for endpoint incidents

03

Connect response decisions to backup and recovery options

CAPABILITIES

One Soteria Cloud service around the critical work.

The service brings Acronis technology into a Soteria Cloud experience for buyers that need protection to be practical, visible, and supportable.

Core capabilities

- Threat detection workflows
- Endpoint response actions
- Security event review
- Incident escalation support
- Protection policy improvement
- Reporting for stakeholders

Where it fits

- Managed endpoint security
- Ransomware response planning
- Security service uplift for existing backup customers

Built around Acronis security telemetry

Delivered by Soteria Cloud as an operational service

Supports the Total Data Protection story

SERVICE EXPERIENCE

From first assessment to ongoing assurance.

Soteria Cloud turns the product capability into a managed protection experience with clear steps, ownership, and review points.

Security onboarding

The capability becomes part of a managed Soteria Cloud protection experience.

Monitoring and response workflow setup

The service is deployed with structured onboarding, visibility, and support ownership.

Incident escalation model

The capability becomes part of a managed Soteria Cloud protection experience.

Monthly posture reporting

Ongoing reporting, recovery checks, and service reviews keep protection measurable.

OFFER	Soteria Cloud Managed Detection & Response
POWERED BY	Acronis MDR and EDR capabilities
BUSINESS IMPACT	Reduce risk, improve resilience, and make protection easier to understand across technical and business stakeholders.
NEXT STEP	Start with a Soteria Cloud protection assessment for the environment, workloads, users, and recovery priorities.

SOTERIA CLOUD

All your data. One strategy. Zero compromise.

Cyber resilience works best when backup, security, recovery, and support are connected under one service experience.
