

ACRONIS-POWERED. SOTERIA CLOUD DELIVERED.

Soteria Cloud Snap Deploy

Fast, repeatable image deployment for standardized endpoint and lab environments.

Deployment automation

Managed protection

Zero Downtime. Zero Data Loss.

BUILT FOR

For IT teams that need to roll out systems quickly without rebuilding each machine by hand.

Manual device deployment wastes time, creates drift, and slows refresh projects.

Acronis Powered by Acronis

BUSINESS VALUE

Protection that moves the business forward.

Manual device deployment wastes time, creates drift, and slows refresh projects.

SOTERIA CLOUD OUTCOME

Fast, repeatable image deployment for standardized endpoint and lab environments. Soteria Cloud surrounds the technology with onboarding, policy design, reporting, and accountable support.

TECHNOLOGY

Acronis Snap Deploy

BEST FIT

For IT teams that need to roll out systems quickly without rebuilding each machine by hand.

SERVICE CATEGORY

Deployment automation

01

Speed up workstation rollout

02

Standardize device images

03

Reduce deployment effort for IT teams

CAPABILITIES

One Soteria Cloud service around the critical work.

The service brings Acronis technology into a Soteria Cloud experience for buyers that need protection to be practical, visible, and supportable.

Core capabilities

- Image-based deployment
- Bare-metal provisioning
- Standard image management
- Deployment automation
- Multi-device rollout
- Deployment runbooks

Where it fits

- Lab and classroom refresh
- Branch workstation rollout
- Standardized endpoint replacement

Acronis Snap Deploy capability

Soteria Cloud managed delivery

Complements endpoint protection and backup

SERVICE EXPERIENCE

From first assessment to ongoing assurance.

Soteria Cloud turns the product capability into a managed protection experience with clear steps, ownership, and review points.

Deployment image planning
Protection requirements are mapped into practical settings, policies, and responsibilities.

Pilot rollout
The service is deployed with structured onboarding, visibility, and support ownership.

Technician enablement
The capability becomes part of a managed Soteria Cloud protection experience.

Repeatable deployment process
The service is deployed with structured onboarding, visibility, and support ownership.

OFFER	Soteria Cloud Snap Deploy
POWERED BY	Acronis Snap Deploy
BUSINESS IMPACT	Reduce risk, improve resilience, and make protection easier to understand across technical and business stakeholders.
NEXT STEP	Start with a Soteria Cloud protection assessment for the environment, workloads, users, and recovery priorities.

SOTERIA CLOUD

All your data. One strategy. Zero compromise.

Cyber resilience works best when backup, security, recovery, and support are connected under one service experience.
