

ENDPOINT SECURITY

Soteria Cloud Advanced Security + EDR

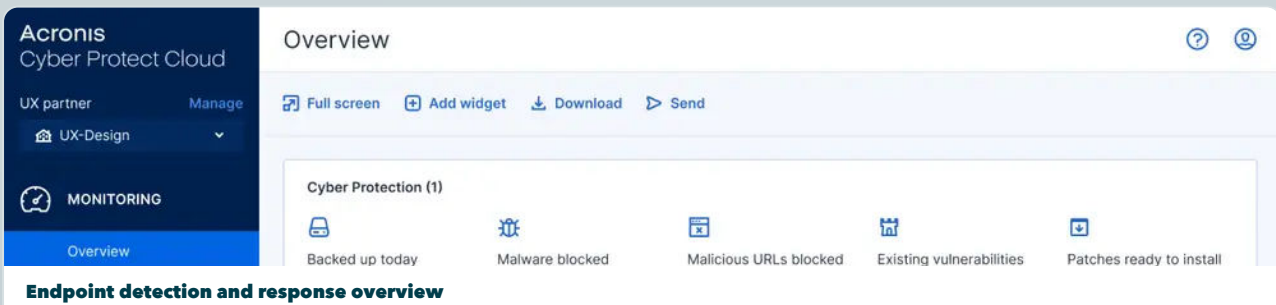

Endpoint protection and detection connected to recovery, not isolated from it.

AT A GLANCE

Acronis Advanced Security and EDR

For teams that need modern malware protection, behavioral detection, and response capability without adding another disconnected console.

Acronis Powered by Acronis

The screenshot displays the Acronis Cyber Protect Cloud interface. On the left is a dark sidebar with the 'Acronis Cyber Protect Cloud' logo, a 'UX partner' section with a 'Manage' link, a 'UX-Design' dropdown, and a 'MONITORING' section with an 'Overview' link. The main content area is titled 'Overview' and includes a toolbar with 'Full screen', 'Add widget', 'Download', and 'Send' options. Below the toolbar, a 'Cyber Protection (1)' section contains five status cards: 'Backed up today' (with a disk icon), 'Malware blocked' (with a shield and virus icon), 'Malicious URLs blocked' (with a document and X icon), 'Existing vulnerabilities' (with a calendar icon), and 'Patches ready to install' (with a download icon). At the bottom of the screenshot, the text 'Endpoint detection and response overview' is visible.

SPECIFICATIONS

Capabilities, fit, and service coverage.

Security incidents become business incidents when detection, containment, and recovery are not connected.

OFFER

Soteria Cloud Advanced Security + EDR

TECHNOLOGY

Acronis Advanced Security and EDR

CATEGORY

Endpoint security

PRIMARY FIT

For teams that need modern malware protection, behavioral detection, and response capability without adding another disconnected console.

PROTECTION PROMISE

Endpoint protection and detection connected to recovery, not isolated from it.

SERVICE MODEL

Soteria Cloud onboarding, support, reporting, and review

Included capabilities

- Anti-malware and exploit prevention
- Behavioral and ransomware protection
- Endpoint detection and response options
- Investigation and response workflows
- Policy management
- Security reporting

Business outcomes

- Detect and respond to endpoint threats faster
- Reduce ransomware impact through protection and recovery alignment
- Give customers a clearer security service story

COMMON USE CASES

Endpoint security modernization; Ransomware risk reduction; Managed security add-on for backup customers

SERVICE COMPONENTS

Endpoint risk assessment; Policy design; Deployment and tuning; Security posture reporting

SOTERIA CLOUD VALUE

Protection delivered with practical implementation, operational visibility, and support ownership.

PROOF POINTS

Acronis-powered endpoint protection; Soteria Cloud operational support; Pairs naturally with backup and recovery

TOTAL DATA PROTECTION

Zero Downtime. Zero Data Loss.

Soteria Cloud helps protect the workloads, identities, users, and services that keep the business moving.
