

EMAIL THREAT PROTECTION

Soteria Cloud Advanced Email Security

Protect inboxes from phishing, malicious links, account takeover risk, and business email compromise.

For Microsoft 365 and Google Workspace customers where email is still the most common attack path.

Executive issue: Email remains the easiest way for attackers to reach users, steal credentials, and trigger wider business disruption.

- 01 Reduce phishing and malicious email exposure**
- 02 Improve protection for everyday collaboration**
- 03 Connect email security with backup and recovery planning**

Complete Data Protection | Built-in Cybersecurity | Easy to Manage and Automate | Scalable for Any Business

EXECUTIVE CONTEXT

The business reason this matters.

The brief frames the operational pressure, the commercial reason to act, and the outcomes leadership should expect from the Soteria Cloud approach.

BUSINESS ISSUE

Email remains the easiest way for attackers to reach users, steal credentials, and trigger wider business disruption.

SOTERIA CLOUD POSITION

Protect inboxes from phishing, malicious links, account takeover risk, and business email compromise. Soteria Cloud packages the capability around business outcomes, operational ownership, and a clearer path from decision to adoption.

BEST FIT

- Microsoft 365 email security uplift
- Google Workspace email protection
- Security bundle for backup customers

From operational pressure to board-ready confidence.

Visual evidence and structured service packaging help buyers understand the path from risk to outcome.

01

Reduce phishing and malicious email exposure

02

Improve protection for everyday collaboration

03

Connect email security with backup and recovery planning

DECISION PATH

How the offer becomes an executive outcome.

Soteria Cloud positions the capability as a managed operating model, not a disconnected tool purchase.

DECISION DRIVERS

Anti-phishing protection

Malicious URL and attachment defense

Business email compromise protection

Account takeover risk reduction

PROOF POINTS

- Acronis-powered email security
- Soteria Cloud managed delivery
- Complements SaaS backup and endpoint protection
