

STORAGE AND INFRASTRUCTURE

Soteria Cloud Cyber Infrastructure

**Resilient storage infrastructure for backup,
file, and service provider workloads.**

For service providers and organizations that need scalable
storage infrastructure under a cyber resilience strategy.

Executive issue: Protection services depend on
storage that is resilient, scalable, and operationally
manageable.

- 01 Support protected storage growth**
- 02 Improve resilience for backup and file services**
- 03 Create infrastructure that supports recurring cyber resilience services**

EXECUTIVE BRIEF

Acronis
Cyber Protect Cloud

Complete cyber protection.
Simplified.

Risk
Identify and prioritize what matters most.

Control
Apply proven protection across your environment.

Outcome
Ensure business continuity and drive better results.

Secure. Compliant. Always Protected.
Back up, protect, and recover everything
from a single cloud-native platform.

Complete Data Protection | Built-in Cybersecurity | Easy to Manage and Automate | Scalable for Any Business

EXECUTIVE CONTEXT

The business reason this matters.

The brief frames the operational pressure, the commercial reason to act, and the outcomes leadership should expect from the Soteria Cloud approach.

BUSINESS ISSUE

Protection services depend on storage that is resilient, scalable, and operationally manageable.

SOTERIA CLOUD POSITION

Resilient storage infrastructure for backup, file, and service provider workloads. Soteria Cloud packages the capability around business outcomes, operational ownership, and a clearer path from decision to adoption.

BEST FIT

- Backup storage platform
- Service provider storage layer
- Private or hybrid cyber resilience infrastructure

From operational pressure to board-ready confidence.

Visual evidence and structured service packaging help buyers understand the path from risk to outcome.

01

Support protected storage growth

02

Improve resilience for backup and file services

03

Create infrastructure that supports recurring cyber resilience services

DECISION PATH

How the offer becomes an executive outcome.

Soteria Cloud positions the capability as a managed operating model, not a disconnected tool purchase.

DECISION DRIVERS

Software-defined storage

Backup gateway options

S3-compatible storage use cases

Storage appliance support

PROOF POINTS

- Acronis Cyber Infrastructure technology
- Soteria Cloud architecture and support
- Supports cloud and hybrid protection offers
