

ACRONIS-POWERED. SOTERIA CLOUD DELIVERED.

Soteria Cloud Advanced Disaster Recovery

Cloud recovery capability for when a site, server, or workload cannot wait.

Disaster recovery as a service

Total Data Protection

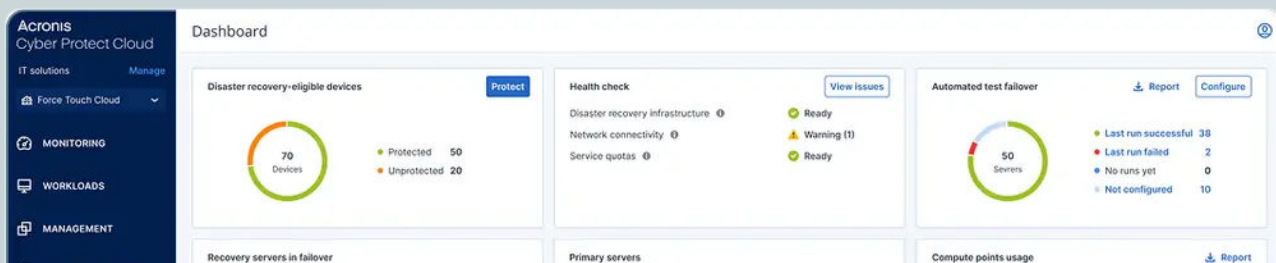

Zero Downtime. Zero Data Loss.

PROTECTION OUTCOME

For organizations that need a stronger recovery posture than backup alone can provide.

When infrastructure fails, recovery speed depends on preparation, orchestration, and clear ownership.

Acronis **Powered by Acronis**

Disaster recovery status and failover readiness view

WHY IT MATTERS

Protection that connects technology to business resilience.

When infrastructure fails, recovery speed depends on preparation, orchestration, and clear ownership.

SOTERIA CLOUD OFFER

Cloud recovery capability for when a site, server, or workload cannot wait. Delivered as a Soteria Cloud service with onboarding, policy design, reporting, and local support.

UNDERLYING TECHNOLOGY

Acronis Advanced Disaster Recovery

BEST FIT

For organizations that need a stronger recovery posture than backup alone can provide.

POSITIONING

Disaster recovery as a service

01

Improve resilience against site and infrastructure outages

02

Create practical recovery options for priority workloads

03

Reduce uncertainty during critical incidents

CAPABILITIES

What Soteria Cloud delivers.
