

ACRONIS-POWERED. SOTERIA CLOUD DELIVERED.

Soteria Cloud Advanced Email Security

Protect inboxes from phishing, malicious links, account takeover risk, and business email compromise.

Email threat protection

Total Data Protection

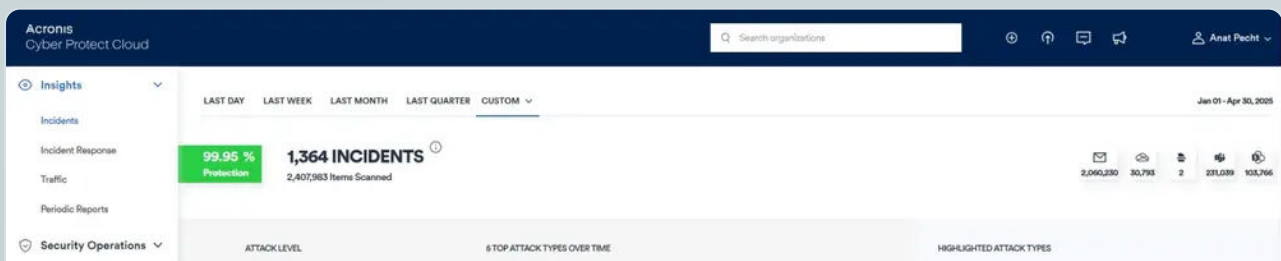

Zero Downtime. Zero Data Loss.

PROTECTION OUTCOME

For Microsoft 365 and Google Workspace customers where email is still the most common attack path.

Email remains the easiest way for attackers to reach users, steal credentials, and trigger wider business disruption.

Acronis Powered by Acronis

**Email security dashboard and detection evidence**

WHY IT MATTERS

Protection that connects technology to business resilience.

Email remains the easiest way for attackers to reach users, steal credentials, and trigger wider business disruption.

SOTERIA CLOUD OFFER

Protect inboxes from phishing, malicious links, account takeover risk, and business email compromise. Delivered as a Soteria Cloud service with onboarding, policy design, reporting, and local support.

UNDERLYING TECHNOLOGY

Acronis Advanced Email Security

BEST FIT

For Microsoft 365 and Google Workspace customers where email is still the most common attack path.

POSITIONING

Email threat protection

01

Reduce phishing and malicious email exposure

02

Improve protection for everyday collaboration

03

Connect email security with backup and recovery planning

CAPABILITIES

What Soteria Cloud delivers.

Core capabilities

- Anti-phishing protection
- Malicious URL and attachment defense
- Business email compromise protection
- Account takeover risk reduction
- Email security policy controls
- User and admin reporting

Common use cases

- Microsoft 365 email security uplift
- Google Workspace email protection
- Security bundle for backup customers

Acronis-powered email security

Soteria Cloud managed delivery

Complements SaaS backup and endpoint protection

SERVICE EXPERIENCE

From assessment to ongoing assurance.

Soteria Cloud helps customers move from risk and uncertainty to a managed protection service with clear onboarding, reporting, and support.

Email environment assessment

Soteria Cloud reviews the environment, key risks, and resilience priorities before rollout.

Policy deployment

Protection requirements are mapped into practical settings, policies, and responsibilities.

Security tuning

The capability becomes part of a managed Soteria Cloud protection experience.

Customer reporting and review

Ongoing reporting, recovery checks, and service reviews keep protection measurable.
