Endpoint DLP and discovery capability

Soteria Cloud implementation and support

Complements Advanced DLP packages

SERVICE EXPERIENCE

From assessment to ongoing assurance.

Soteria Cloud helps customers move from risk and uncertainty to a managed protection service with clear onboarding, reporting, and support.

Endpoint data risk review

Soteria Cloud reviews the environment, key risks, and resilience priorities before rollout.

Discovery scan planning

Protection requirements are mapped into practical settings, policies, and responsibilities.

DLP policy rollout

Protection requirements are mapped into practical settings, policies, and responsibilities.

Ongoing governance reporting

Ongoing reporting, recovery checks, and service reviews keep protection measurable.
